

YOUR FUTURE DOESN'T HAVE TO FEEL FAR AWAY

At Maine's community colleges, every class you take, every skill you build, every connection you make — helps turn your potential into a future you can feel proud of.

- ▶ Always affordable
- ▶ From trades to transfer, your options are open
- ▶ Advisors help you start strong and stay on track
- ▶ And for recent grads it's tuition-free

FREE FOR MANY. AFFORDABLE FOR ALL.

Maine's community colleges offer the lowest tuition and fees in New England. For nearly half of our degree-seeking students, Pell Grants and Maine State Grants cover the full cost of tuition and fees. For many, the grants cover significantly more. High school graduates from 2023-2025 qualify for a Free College Scholarship that pays 100% of tuition and mandatory fees. In all, 80% of degree-seeking students receive some form of grant aid to help cover the cost of their education. You don't have to be a full-time student to qualify for financial aid.

ANNUAL COSTS

for a full-time, in-state student

Tuition and fees: \$4,156
Room and board: \$8,100-\$12,300

The financial aid office at each college can help you determine how much grant aid or financial aid you may be eligible to receive. Learn more at mccs.me.edu/aid.

APPLYING IS EASY

If you're interested in applying to one of Maine's community colleges, visit us at mccs.me.edu. You'll find links to all seven of the colleges and more detailed information about the programs of study offered at each one. When you're ready to get started, you can apply online — quickly and easily.

Across the state ... and close to home.

In addition to our seven colleges and five off-campus centers, Maine's community colleges offer courses online and at other locations around the state. Check with each college for information about off-campus sites in your area, or visit mccs.me.edu/our-colleges.
