Affordable Supportive Flexible Relevant

# We're here for you. The doers. The dreamers. The lifelong learners.

From trades to transfer, Maine's seven community colleges provide high-quality, relevant, hands-on learning at a fraction of the typical college cost. Find your best future here, choosing from a diverse mix of programs offered through short-term training in under a year, one-year certificates, two-year associate degrees, and advanced certificates. Prepare for work or transfer. We're committed to your success.

Your passion. Your pace. Your path.  
At a Maine community college.

**Learn what you can do. Learn what you can be.**

Take control of your future. Explore your options, try something new, and pursue the education and training that prepare you for a better job and a meaningful life. Wherever you are, Maine's community colleges can help get you where you want to go. And they can get you there without the debt. For many of our students, state and federal grant aid covers the full cost of tuition and fees.

# Free for many. Affordable for all.

Maine's community colleges offer the lowest tuition and fees in New England. For half of our students, Pell Grants and Maine State Grants cover the full cost of tuition and fees. For many, it covers significantly more. In all, 74% of full-time students receive grant aid to help cover the cost of their education. And you don't have to be a full-time student to qualify for financial aid. The average annual costs for a full-time, in-state student are **\$3,700** for tuition and fees and **\$5,800 – \$12,000** for room and board.

## We also offer several tuition-free options!

**Graduates with a high school diploma** or equivalent from 2020-2025 qualify for a new Free College Scholarship that covers all tuition and mandatory fees after state and federal grant aid has been applied.

**High school students** can take up to 12 college credits tuition-free every year through our Early College programs. These courses will challenge you, spark your interest, and prepare you for college.

**Anyone** can take our low-or no-cost short-term workforce training programs, offered at all seven colleges. Some programs offer weekly stipends, housing, or guaranteed interviews with companies that are hiring.

## Free College Scholarship

High school graduates with a diploma or its equivalent from the classes of 2020 – 2025 qualify for a Free College Scholarship that pays 100% of tuition and mandatory fees! No need to fill out any paperwork, the scholarship is automatic for graduates in qualifying years!

### To qualify students must:

- ▶ Pursue a degree or certificate at least part time
- ▶ Fill out the FAFSA and use any grant aid first
- ▶ Live in Maine while enrolled

Contact your local community college or visit **FreeCommunityCollegeMaine.com** to get started.

# Find a pathway to possibility here.

## Strong student support

At Maine's community colleges, we're committed to your success. Our advisors will help you choose the right program, stay on track, earn your degree, and find work in your chosen field. More information is available at [mccs.me.edu/support](https://mccs.me.edu/support).

## Robust campus life

Maine's community colleges offer the opportunity to play a sport, join clubs and activities, and develop leadership skills. Whether you live on campus or commute from home, you'll find a real sense of community. Learn more at [mccs.me.edu/student-life](https://mccs.me.edu/student-life).

## Applying is easy

If you're interested in applying to one of Maine's community colleges, visit us at [mccs.me.edu](https://mccs.me.edu). You'll find links to all seven colleges and detailed information about the programs offered at each one. When you're ready to get started, you can apply online—quickly and easily.

Available at all seven colleges.

# Short-term workforce training

## You want a good job, right now.

Fast track your future with low- or no-cost short-term training programs offered through the Maine Community College System's Harold Alfond Center for the Advancement of Maine's Workforce. Most of our 200+ programs are grant funded, so there's no cost to you!

We partner with more than 1,200 businesses to create customized training so you learn the exact skills you need for jobs in today's marketplace. Programs take just weeks and months to complete, and some offer weekly stipends, housing opportunities, and guaranteed job interviews with local businesses that have open positions.

Take advantage of hybrid, night, and weekend schedules; stackable badges and certificates; an onramp to a degree program; and an affordable way to learn a new skill.

**"I definitely enjoy the work that I learned how to do and I'm excited to go out and apply that knowledge. It really helped me out and I got paid each week to show up to class, and the classes were already free, so I didn't have debt to a school and I didn't have to worry about that."**

*— EMCC electricians technology student*

## Pre-Hire Training

Start a new career in a matter of months! These programs fill high-demand positions, take less than one year to complete, and are offered at low- or no-cost for students. Graduates have the skills needed to go directly into the workforce while earning credit for a future degree.

## Incumbent Worker Training

Already have a job, but want to keep growing in your position? Employers who join the Maine Workforce Development Compact can get up to \$1,200 in matching funds for employees to get professional development! Gain skills that lead to career advancement, job security, and retention.

## Scholarships

Want to keep going? We have scholarships available to help you complete a certificate or degree program. Students who have received pre-hire or Compact training are eligible for 50% off two courses each semester.

# Short-term training programs

Classes are updated all the time and are offered multiple times a year. Short-term trainings include broadband technician, certified nursing assistant, CNC machine operator, commercial driving, CompTIA, Construction Institute, dental assistant, early childhood education, electric vehicle repair, EMT, high-pressure boiler operator, journeyman electrician, licensed practical nurse, manufacturing technician, marine design, mechanized logging operations, medical assistant, medical coding and billing, phlebotomy, pharmacy technician, respiratory therapy, surgical technician, Yamaha outboard motor repair, and welding.

**“I had hoped to find something that was going to be fulfilling for me and would be more of a career. This has given me the opportunity to reach goals I didn’t even realize I had for myself, get me more money, a better work-to-life ratio, and I really love working with people.”**

*- YCCC dental assisting program student*

# Central Maine Community College

Central Maine Community College is committed to preparing students of all ages for rewarding careers, lifelong learning, and transfer to four-year colleges. We offer more than 50 degrees, certificates, and advanced certificates leading to technical, business, and health careers, as well as transfer options. With online and part-time options, support services, on-campus housing, and a strong athletic program, CMCC is the place where you can achieve your goals.

**“CMCC has helped me get to where I am today with constant support and people who have been willing to work with me along my educational path. They have provided me with the proper tools and skills needed to get me where I want to be in life.”**

From rock climbing to axe throwing, early access and private screenings of major movies, there is always something to do to stay busy and interact with other students.

**Athletic Teams**

esports, baseball, softball, co-ed golf, women’s volleyball, and men’s and women’s teams in: basketball, cross country, ice hockey, soccer, and track and field. Visit [cmustangs.com](http://cmustangs.com) for more information!

# CMCC Spotlight

**Asma Hassan**  
**ACCOUNTING**

**“I was shy when I began at CMCC, but getting involved and experiencing success I came out of my shell and became more confident.”**

Asma first enrolled at CMCC as an Early College student at Lewiston High School. At CMCC, Asma was actively involved with the college’s TRIO program, helped rebuild the Muslim Student Association, and was CMCC Student of the Year in 2023. She graduated in May 2023 and attends University of Maine at Augusta.

## What’s new

CMCC’s business administration and management program now offers four new pathways in banking and finance, entrepreneurship, human resources, and nonprofit management.

A women’s ice hockey program launches in Fall 2024 and will play at the Norway Savings Bank Arena less than a mile from campus.

New facilities include a brand-new state-of-the-art welding lab and a new Public Service Simulation Center for the college’s criminal justice, forensic science, conservation law, and social sciences courses.

# Eastern Maine Community College

Eastern Maine Community College is not just a college, it is a community filled with people who take your future seriously. That's why our programs are flexible and focused, with many one- and two-year options for full- or part-time students. We pride ourselves on our academic programs and the learning that takes place both inside and outside the classroom. EMCC is a great college and a smart choice!

**“What I loved most about EMCC was the flexibility. The classes are tailored to your schedule, making it easier to balance work, family and school. EMCC changed my life because it helped shape my independence and helped me become more responsible.”**

## Student Activities

Student government, Phi Theta Kappa, outdoor recreation, a nine-hole disc golf course, and a variety of student activities including computer, gaming, and international clubs.

# EMCC Spotlight

**Francine  
Wilson-Charuk**  
**LIBERAL STUDIES**

**“While I don’t know exactly what I want to do yet, I trust that my interests and my new knowledge about who I am, and what I love, will lead me somewhere great. I’m also grateful for community college specifically. The student body is diverse and, because of this, I’ve met many wonderful people who I wouldn’t have otherwise met.”**

Francine was actively involved in campus life, joining Student Senate, Phi Theta Kappa, and the TRIO program and was the 2023 Maine New Century Transfer Pathway Scholar by PTK, an international honor society for two-year colleges. She graduated in 2022 and plans to pursue a four-year degree.

## What’s new

EMCC has a new state-of-the-art nursing simulation lab so students can experience real-world nursing scenarios in a controlled clinical setting. The lab has four patient rooms with high-fidelity manikins, two control rooms, and two debrief rooms.

## What you may not know

EMCC and NMCC offer the Eastern and Northern Maine Radiography Alliance Program, with EMCC delivering all the radiography courses and NMCC delivering all the general education courses. Clinical rotations are completed at the four northern Maine hospitals.

The college’s diesel, truck and heavy equipment program has received accreditation through the Associated Equipment Distributors Foundation, meeting rigorous national standards for diesel-equipment technology programs.

Our alumni are amazing! EMCC 2016 Culinary Arts graduate Marilou “LuLu” Ranta, who opened The Quarry restaurant in 2018, won a James Beard award in 2023! EMCC 2011 graduate Morgan Talty has won a number of national awards for his debut short story collection, “Night of the Living Rez.”

A new community garden named for former college president Joyce Hedlund will provide fresh produce for the EMCC Food Pantry and provide students with nutrition and garden learning opportunities.

# Kennebec Valley Community College

Kennebec Valley Community College is one of the most highly regarded institutions of its kind in the Northeast and offers the state's only lineworker technology and occupational therapy assistant programs. KVCC has two campuses in the heart of central Maine. Our 70-acre Fairfield campus is readily accessible by I-95 and our 600-acre Harold Alfond Campus is just seven miles north in Hinckley. And the college is leading the way to a greener future by offering programs in sustainable construction and energy services and technology, with a heavy emphasis on renewable energy.

**“It’s impossible to overstate how impactful my time at KVCC has been. I barely even recognize the person that I was before I came here. I had so much anxiety and self-doubt, but the support and encouragement I received from everyone at KVCC has helped to make that lifelong anxiety gradually melt away until it was almost entirely gone.”**

— KVCC student

Location

Harold Alfond Campus  
**Hinckley**

**2,119**  
students.  
**35+**  
programs of study.

**Student Activities**  
Phi Theta Kappa, student senate, varsity sports, numerous clubs and organizations, volunteer opportunities.

# KVCC Spotlight

**Aubrey Slater**  
**NURSING**

**“The decision to apply to KVCC has impacted my family in many ways. I am confident that I can make a better life for my children. Going to school has changed my whole life. Things that once seemed impossible are now within reach. Most importantly, I have shown my children the importance of education and working towards your goals.”**

Aubrey was a working mom with four daughters under the age of 10 when she “made the leap” to enroll in the nursing program at KVCC. She was the KVCC Student of the Year and the 2023 Maine New Century Workforce Pathway Scholar by PTK, an international honor society for two-year colleges. She graduated in May 2023 and planned to immediately enter the workforce.

## What’s new

KVCC has expanded its nursing program by an additional 16 students and hired additional faculty and a clinical coordinator.

KVCC is offering three new sports this year: cross country, golf, and track & field.

## What you may not know

KVCC partnered with Northern Light Health to offer EMT training and helped the hospital reverse its shortage of emergency medical technicians. During the seven-week program students are hired and paid as full-time employees while they train, committing to two years with Northern Light Health. After they pass a national exam and obtain their Maine license, they are promoted to basic EMTs.

KVCC short-term workforce training includes 3D printing, aluminum welding, BLS CPR healthcare provider, commercial driver licensure Class B training, basic EMT, high pressure boiler, forensic phlebotomy, heat pump installer training, and more. KVCC has trained more than 558 new heat pump technicians and is helping to meet the state’s climate goals.

# Northern Maine Community College

Northern Maine Community College boasts a vibrant campus community, where opportunities for intellectual and outdoor adventure abound. The college offers hands-on learning in technologically advanced classes and labs, providing students with the skills they need to succeed in the workplace. These are just some of the reasons NMCC has earned the reputation of a top-quality educational facility committed to student success and educational excellence.

**“I always thought there was something better for me out there, but I just didn’t know what. Getting laid off gave me the push to go back to school. I was very nervous, but the NMCC staff was great at helping me transition back into the school life and I feel that I have the support I need to succeed.”**

# NMCC Spotlight

**Owen Martin**

**ELECTRICAL CONSTRUCTION  
AND MAINTENANCE**

“The more hands-on approach to education and close-knit community was the perfect fit for my personality and learning style. Everyone on campus exhibits a profound passion for creating a successful learning environment and a warm home away from home.”

Owen started his academic career at the University of Maine but left when classes moved online during the pandemic. At NMCC, he earned a perfect 4.0 GPA, tutored other students in math, blueprint reading, and digital electronics, and represented his program during campus tours. He was NMCC’s 2023 Student of the Year. He graduated in 2023 and works at an engineering firm in Portland.

## What’s new

NMCC has a new EMS simulation lab featuring high-fidelity training stations, a custom ambulance and ambulance bay, and classrooms equipped for distance learning.

NMCC is partnering with Maine Maritime Academy to prepare wind power students to service Maine’s future offshore wind turbines. Graduates earn a Global Wind Organization certification, the most widely-recognized international standard. NMCC offers housing scholarship opportunities so students can live on campus during the nine-month program.

## What you may not know

90% of NMCC students graduate without taking any student loans! Those who must take loans borrow significantly less than average college students. NMCC’s financial aid department connects students to scholarships, grants, and other opportunities. With this support, NMCC students can meet their financial needs—such as housing, transportation, and food – while completing their education, and enter the workforce debt-free.

Last year, the NMCC Foundation awarded over \$135,000 in student scholarships.

NMCC offers family housing on campus, two-bedroom apartments with a kitchen, parking, storage, and access to all campus facilities.

# Southern Maine Community College

Southern Maine Community College (SMCC) is the community college system's largest and most diverse college. SMCC offers short-term training and certificate and degree programs in eight pathways including arts and humanities, business and hospitality, health sciences, industrial technology, and more. Whether you are looking to begin your educational journey, advance in the workforce, explore your passion, or start a new career, SMCC provides options that allow you to build your education at your own pace. Create your own path to success at our South Portland and Brunswick campuses, online, and off-site locations.

**“Excellent, dedicated professors;  
extremely affordable tuition;  
friendly, compassionate students;  
and the prettiest location over-  
looking the Atlantic Ocean you  
could ever imagine. What more  
could you want?”**

and women's volleyball.

# SMCC Spotlight

**Gilon Backlund**  
**COMMUNICATIONS**  
**AND NEW MEDIA**

**“There is a strong movement at SMCC from both teachers and faculty to help students succeed. This is not only in the academic support provided by advisors and free tutoring services, such as TRIO, but also in the many opportunities for giving back to the community in a meaningful way.”**

Gilon is an active campus and community volunteer and helped create several community outreach media projects, including one for the Maine Department of Education on nature-based learning for young students. He was the 2023 Leon A. Gorman Scholar.

## What’s new

SMCC added an evening nursing program at its South Portland campus and is doubling its nursing program at its Brunswick campus.

SMCC will receive over \$1.75 million in federal funding to help train Maine’s workforce in the Electric Vehicle Repair and Controlled Environment Agriculture industries.

SMCC partnered with the University of Southern Maine to launch Southern Maine Pathways, a program including 13 new articulation agreements and expanded housing and student life opportunities. It also partnered with Saint Joseph’s College of Maine to offer 13 new articulation agreements.

SMCC relaunched its Advocacy Resource Center, which is focused on helping students achieve academic success. The center offers housing support, access to mental health services, and more.

The SMCC Intercultural Center has created a welcoming space for new Mainers, intercultural students, and those who speak English as a second or third language. The Center helps students succeed academically by creating networks of support.

## What you may not know

SMCC sports teams have won over 40 conference championships and have participated in multiple USCAA national tournaments. In 2022, the men’s basketball team won the USCAA Division II National Championship.

The culinary arts program is expanding and gaining a reputation as one of the top educational opportunities in the United States. It is Maine’s sole post-secondary culinary program certified by the American Culinary Federation and students learn from local and international experts.

The electric vehicle repair program offers great opportunities for students in a field facing enormous staffing challenges. In April 2023, First Lady Dr. Jill Biden visited the program as part of the White House “Investing in America” tour.

# Washington County Community College

Washington County Community College offers one of the most unique educational environments on the East Coast. Our 400-acre campus abutting the Moosehorn National Wildlife Refuge overlooks the beautiful St. Croix River, and the college takes advantage of this spectacular setting through field work and hands-on learning. Small class sizes in trade, technical, career, liberal arts, and transfer programs ensure that students receive a great deal of support and personal attention. When they graduate, their skills are valued by business and industry in the region and beyond.

**“I chose WCCC because it is local, it is small. You get a lot more individual and undivided attention from your professors. My favorite part at WCCC is the hands-on experience that I don’t think I would get anywhere else.”**

– WCCC student

Location  
**Calais**

**505**

**25+**  
programs of study.  
Campus housing available.

## Student Activities

On- and off-campus activities include student organizations, a fitness facility, local movie theater, shopping, and outdoor activities like canoeing, kayaking, fishing, and snowmobiling.

**Athletic Teams**  
Basketball

# WCCC Spotlight

## Brandon Vinal

### RESIDENTIAL AND COMMERCIAL ELECTRICITY

“WCCC is a small school with an incredible community that is dedicated to the success of their students.

As much as I have helped around campus, the faculty and staff have been there for me tenfold. I saw an opportunity to push myself and find my personal limitations while studying here. I was pleasantly surprised when I got to see what my true capabilities were when putting all of my mind and effort into a goal.”

Brandon chose WCCC for the electrical program but expanded his interests to become a Certified Fiber Optics Technician and earning a certification to work on refrigeration systems and heat pump installations. Brandon is president of the Student Senate, a resident assistant, has a 4.0 GPA, and after graduating in 2023 is returning to WCCC to complete the electromechanical instrumentation technology program, become a journeyman electrician, and eventually earn his master electrician license.

## What's new

New programs include a one-year certification program in diesel and automotive engine overhaul, a substance abuse and recovery certificate program, and heat pump technology installation and repair training.

WCCC is adding a varsity men's basketball team for the 2023-24 academic year! Go Golden Eagles!

WCCC is collaborating with the Maine Aquaculture Innovation Center to develop aquaculture-specific training.

In partnership with the Department of Corrections, WCCC was approved by the New England Commission of Higher Education to offer prison education programs and continued federal financial aid to students who are justice involved.

WCCC partnered with EMCC to offer a nursing cohort beginning in Fall 2023. It has added a new health occupational certificate program to prepare future nursing students to enter the new WCCC program.

## What you may not know

WCCC students can study for a variety of licensure exams and certifications. A number of students have completed a certified nursing assistant course in preparation for the state exam. Once earned, the certification will enable them to work in hospitals and other health care facilities in Washington County.

WCCC also offers programs directly related to Washington County and Maine workforce needs, including production technician and electromechanical instrumentation programs.

# York County Community College

York County Community College is a terrific place to begin your education, upgrade your skills, or get started on the career of your dreams. YCCC offers its students small classes with student-focused faculty and staff. Each of its career programs has been developed with direct input from local business and industry. Students graduate with the skills most prized by the region's employers.

**“I became who I am today because I decided to leave my comfort zone and take a chance and thanks to all of the people I have met at YCCC. No matter how big or small it might be, every single person has made an impact in my life.”**

— YCCC graduate

Location  
**Wells**

**1,626**  
students.

**30+**  
programs of study.

**Student Activities**

Student government and clubs, volunteer.

**Athletic Teams**

Co-ed golf, men's and women's cross country, baseball, softball, and men's and women's track and field.

# YCCC Spotlight

**Amy Stanek**  
**NURSING**

**“I hope to inspire my children and to teach them that they too can achieve their dreams and goals, no matter how challenging the path is. Becoming a student at YCCC has changed my life in so many ways. I have become more independent and confident throughout my time here. I have formed many friendships in the classroom and through cross country and track.”**

Amy left a career as a medical assistant to raise her two young children before resuming her education at YCCC in the nursing program. At YCCC she is in Student Senate, Nursing Club, and competes on YCCC’s cross country and track and field teams where she was recognized as a YSCC Cross Country All-Conference member, as well as a YSCC Academic All-Conference award winner. She plans to graduate from the nursing program in May 2024.

## What’s new

YCCC now offers a nursing program with 32 spots available each fall.

A new one-year certificate in financial planning prepares graduates to pursue a general career path or one related to finance or business.

Also new at YCCC is a one-year veterinary assisting program that prepares graduates to work in any veterinary clinic as an assistant.

## What you may not know

YCCC offers a lodging option for full-time students. The lodging community at YCCC offers an innovative take on community life, with the benefit of a unique and inclusive living opportunity. As involved members of the community, students will get to share similar goals and interests while broadening friendships and experiences.

Electromechanical Instrumentation Technology						A	
Exercise Science	A						
Liberal Studies – Mathematics					A*		
Liberal Studies – Science					A*		
Marine Science					A		
Mechanical Drafting & Design							C
Pre-Engineering					A		
Production Technology						A/C	

**A** = Associate Degree

**C** = Certificate

**D** = Diploma

**C+** = Advanced Certificate

Admissions officers at each of the colleges are available to answer questions and help you figure out your next steps.

Contact information is available at [mccs.me.edu/apply](https://mccs.me.edu/apply) or email [info@mccs.me.edu](mailto:info@mccs.me.edu)

<sup>1</sup> NMCC program offered at SMCC.

<sup>2</sup> EMCC program offered at WCCC.

\* Concentrations allow students to study in greater depth a particular topic or area of interest but are not included on a student's diploma or transcript. Please check with the college offering a particular specialty for more information.

Programs are subject to change without notice. Students interested in a particular program of study are strongly encouraged to contact the admissions office at the relevant community college for more detail about the program and its degree options.

Maine's community colleges are accredited by The New England Commission of Higher Education.
