

Maine Community College System Updated Student Vaccine Protocol

Effective immediately, students at MCCC owned or controlled indoor spaces no longer require proof of vaccination against COVID-19 as a condition of enrollment and attendance in on-campus activities. While lifting this requirement, the Board and MCCC leadership strongly encourage all students to receive COVID-19 vaccinations and boosters and remind all members of our community that if they are ill that they should stay home.

Participation in some academic programs may require vaccination against COVID-19 due to the requirements at third-party locations, such as student placement sites.

This resolution supersedes the resolution adopted by the MCCC Board of Trustees on June 22, 2022.
